RED CROSS NURSES WILL ASSIST BLUE

Arrangements have been completed whereby graduate enrolled Red Cross nurses will be furnished to the Public Health Service, just as they are to the army or navy.

This new plan, which brings the American Red Cross and the United States Public Health Service side by side, in an incident in the development of the latter organization under a recent act of Congress which is designed in part to meet the growing hospital needs of the enlarged merchant marine. Under this law the health service will obtain additional hospital and sanitarium facilities.

As it is expected the number of patients to be cared for in hospitals of the health service will be increased from about 50,000 yearly to fully 75,000, Surgeon General Rupert Blue turned to the Red Cross as a source for a greatly enlarged Public Health Service Corps.

On recommendation of the Red Cross, Surgeon General Blue has appointed Miss Lucy Minnegerode, of Fairfax, Va., superintendent of the United States Public Health Service Nurse Corps. She was chief nurse of a Red Cross unit which was sent to Kier, Russia, in 1915, and gave distinguished service in that capacity.

Say, That Raisin Drink Is All a False Alarm; Not Fit For the Palate

SAN FRANCISCO, March 30.—Somebody's always gaking the joy out of life.

This time it is the California Liberator, Journal of the dry. It declares that scientific tests show that the raisin and near-beer recipe is a false alarm.

So seriously was the recipe taken, says the Liberator, that a Fresno brewing concern had chemical tests made of the near-beer in which raisins had been dropped. The tests showed that the brew would become undrinkable before it developed the kick.

SUFFRAGISTS 'O. K.' LEAGUE OF NATIONS

ST. LOUIS, March 30.—Mrs. Charles H. Brooks, of Kansas, in permanent chairman of the Woman Voters' League today. She was chosen yesterday, when the league also decided on the appointment of committees for each State to look after suffrage interests and carry out the work of the national body. Aims of the league presented by Mrs. Carrie Chapman Catt, president of the National Woman Suffrage Association were adopted. An extensive advertising campaign of the Woman Voters' League was provided for in the annual budget. A fund of \$20,000 was appropriated.

Other committees appointed were: Industrial, Mrs. Raymond Robins, New York, chairman, and child welfare, Miss Julia Lathrop, chairman.

Committees were also appointed on citizenship, elections, social hygiene, education of adults, stricter naturalization, changes in naturalization laws to permit women to be naturalized on their own qualifications; teaching of English in schools; compulsory publication of suffrage in foreign language newspapers; schools of citizenship in rural and city school districts in connection with public schools and educational qualifications for the ballot were principles of the league adopted today.

The national association is on record today as favoring a League of Nations. Resolutions passed by the convention also called on the next Congress to submit suffrage to the States, and urged the establishment of a national department of education with a secretary as a member of the Cabinet.

25 CONGRESSMEN BACK.
NEW YORK, March 30.—Bringing twenty-five members of Congress and their wives home from a tour of the Panama canal, the steamship Panama is in dock today from Cristobal, Julio Zamora, Bolivian financial agent to the United States, accompanied by Major George Crager, of the United States army, also was aboard.

Get Back Your Grip On Health

Physician Gives Practical Advice On What to Do to Help Build Up Your Strength, Power and Endurance—Explains How Organic Iron—Nuxated Iron—Helps Put Renewed Vim and Energy Into the Veins of the Weak, Nervous and Run-down—

Thousands of men and women are impairing their constitutions laying themselves open to illness and literally losing their grip on health simply because their blood is thinning out and possibly starving through lack of iron.

To possess the power, energy and endurance that win the blood should be rich in strength-giving iron. For this purpose physicians below explain why they prescribe organic iron—Nuxated Iron—which by enriching the blood and creating thousands of new red blood cells often quickly transform the flabby flesh, toneless tissues and pallid cheeks of weak, anaemic men and women into a glow of health. It increases the strength of delicate, nervous, run-down folks in two weeks' time in many instances.

In explaining why he regards iron as absolutely essential to the greatest development of physical and mental power, and discussing the probability of building up a stronger race of people by increasing the supply of iron in their blood, Dr. George H. Baker, formerly Physician and Surgeon, Monmouth Memorial Hospital of New Jersey, says:

"Iron is absolutely necessary to change food into living tissue, muscle and brain. Refined foods and modern methods of cooking have robbed us of much of the iron which Nature intended we should receive and for supplying this deficiency and increasing the red blood corpuscles I know of nothing more effective than organic iron—Nuxated Iron. From a careful examination of the formula and my own test it is a preparation which any physician can take himself or prescribe for his patients with the utmost confidence of obtaining highly beneficial and satisfactory results. The fact that Nuxated Iron is today being used by over three million people annually as a new blood cell tonic, strength and blood builder, is in itself an evidence of tremendous public confidence and I am convinced, that if others would take Nuxated Iron when they feel weak and run-down it would help make a nation of stronger, healthier men and women.

Commenting on the use of Nuxated Iron as a tonic, strength and blood builder, Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, said: "Thousands are held back in life for want of sufficient iron in the blood. A weak body means a weakened will, power, and like the race horse beaten by a nose, many a capable man or woman falls just short of winning because they don't back up their mentality with the physical strength and energy which come from having plenty of iron in the blood. That irritable twitch, that fit of despondency, that sort of signals nature gives to tired, listless folks when the blood is clamoring for strength-giving iron—more iron to restore the health by enriching the blood and creating thousands of new blood cells.

"In my opinion the greatest cause for the loss of health and strength of American people today is the alarming deficiency of iron in their blood. It is through iron in the red coloring matter of the blood that life-sustaining oxygen enters the body. Without iron there is no strength, vitality and endurance to combat obstacles or withstand severe strains. Lack of sufficient iron in the blood has ruined many a man's nerves and utterly robbed him of that virile force and stamina which are so necessary to success and power in every walk of life.

"Therefore, I strongly advise those who feel the need of a strength and blood builder to get a physician's prescription for organic iron—Nuxated Iron—or if you don't want to go to this trouble then purchase one of the original Nuxated Iron packages and see that this particular name (Nuxated Iron) appears on the package."

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Numbers of nervous, run-down people who were doing all the while have most astonishingly increased their strength and endurance simply by taking iron in the money form. And this after they had, in some cases, been doctoring for months without obtaining any benefit.

Manufacturers' Note: Nuxated Iron recommended above is not a secret remedy but one which is well known to all the world. Unlike the older inorganic iron products, it is easily assimilated, does not irritate the stomach, make them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by People's Drug Store, Liggett's Drug Store, Riker-Hegeman, and all other druggists.
